JINK Door Lock Certification Disclosure

Document: JINK-LOCK-DISCLOSURE-V1 · 8 November 2026

About these documents

Prepared by JINK to identify the supplied door-lock documentation, model scope and document references. Manufacturer identity and contact details are concealed in public copies. Original issuers, identifiers, model scope and technical conditions remain unchanged. Redaction does not transfer or reissue certification.

FCC equipment authorization

FCC ID	Models listed in supporting reports	Grant date
2BRS6-H24	H24, H27, H29	2025-11-18
2BRS6-H34	H34, H9	2025-11-18
2BRS6-H43	H43, H28, H44	2025-11-18
2BRS6-HD02	HD02, HD01, HD03, H25, H3F, H3D, H26	2025-12-15
2BRS6-H25	H25, HD01, H9, HD02	2026-03-27

The supplied grants name KL-Certification GmbH as issuer. Match the FCC ID, equipment label and radio configuration. Where model names occur in more than one authorization family, the actual device FCC ID determines applicability. Consult each grant for its BLE, Wi-Fi and 13.56 MHz scope. No authorization is inferred for unlisted radios, features or SKUs.

RoHS restricted-substance documentation

HRL25081599914

Listed models: H24, H9, H25, H28, H27, H29, H32, H34, H39, H40, H43, H44, H20, H21, H22, H23, H26, H30, H31, H33, H35, H36, H37, H38, H41, H42, H45, H50

Laboratory: Dongguan Huanren Lab Technology Co., Ltd; date: 2025-08-23

HRL25081599915

Listed models: H24, H01, H02, H03, H04, H05, H06, H07, H08, H10, H11, H12, H13, H14, H15, H16, H17, H18, H19, Smart Rim Lock No. 1-7, Muxing No.2, H3F, H3D

Laboratory: Dongguan Huanren Lab Technology Co., Ltd; date: 2025-08-23

Testing references Directive 2011/65/EU and its amendments. Screening and chemical tests cover selected components designated by the client; listed requested tests report Pass. Certificates apply to the tested samples and are valid with their matching test reports. The site label “ RoHS test documentation ” describes this evidence and does not imply EU government certification.

Verification and traceability

Identifiers are retained for traceability; a public search may still reveal the original grantee. Public documents are redacted copies and originals are retained internally. This disclosure records a review of supplied files, not a claim of live verification in a regulator database.

CE/RED and transport documents

CE/RED laboratory documentation

FCS202408061CA01 · 2024-08-09

Listed models: HR01, HR02, HR03, HR04, HR05, HR06, HR07, HR09, HR12, HR21, HR25, HR26, Jupiter 2

FCS202508368CA01 · 2025-09-01

Listed models: H34, H32, H39, H9, H24, H25, H27, H29, H43, H28, H44, H40, H41, H42, H45

These are laboratory certificates and test documents from Dongguan Funas Testing Technology Co., Ltd. No EU Declaration of Conformity was supplied in this batch. “ CE/RED test documentation ” therefore describes available laboratory evidence without claiming EU government approval. This disclosure does not constitute a manufacturer ’ s EU Declaration of Conformity.

Battery transport documentation

Transport documents for TQ-TA42, 7.4 V, 4200 mAh, 31.08 Wh are managed separately. The 2026 sea/air classifications apply to the stated battery packed with H8P locks and are valid through 31 December 2026. They are not blanket permissions for every lock, package or shipment. SDS documents are safety data sheets. This disclosure describes the stated transport documents and does not constitute carrier approval.
